

## JAGUAR SERIES

### EP-450P5-E1

Jaguar series are ePower's unique gaming power supply come with quiet and powerful character. Jaguar series provide an outstanding quietest noise level of **23dBA at 60% load**. Jaguar series provide a **green concepts technology** by using special Titanium plated casing which can reduce radiation impact to the user. In order to prolong the system's life cycle, its patented **ECASO (Enhanced Cooling after System Off)** technology will keep PSU fans continue cooling the system for three minutes or more after the system shutdown to prevent the hot-heat retaining in the system chassis. In addition, Jaguar series come with two fans open-window casing with the **perfect LED lighting** is the super cool design for gamer. **SATA** ready is a plus to gamer.

### Specification

<b>AC Input</b>	100-120Vac/200-240Vac
Current	10/6A
Frequency	60/50Hz
<b>DC Output</b>	
+3.3V	28A
+5.0V	32A
+12V	18/22A
-12V	1A
-5V	0.8A
+5VSB	2.5A
<b>Max Load</b>	450W
<b>Dimensions</b> (WxHxD)	6"x3.5"x6.25"
<b>Net Weight</b>	5lb
<b>Warranty</b>	3 years limited
